Important News of Indiana

MANY NEW STUDENTS ARE ENTERED AT FRANKLIN

Fraternities and Sororities Are Gathering Pledges from Among the Newcomers.

SOCIETY ELECTION HELD

Special to the Indianapolis Journal. FRANKLIN, Ind., April 8 .- The students and faculty of Franklin College have been most agreeably surprised by the large number of new students who have entered this term, and the manner in which the fraternities and sororities, especially the latter, are

"rushing" the new-comers indicates that they are of a desirable character. The Alpha Cramma Alpha Sorority has pledged Miss Wilkes and Miss Collier, of Trafalgar, and Miss Ogia McCarty, of Shelbyville. Pi Beta Phi has pledged Miss May McDonnell, of Indianapolis and Miss Grace Edwards, of Mitchell.

The Periclesian Literary Society has

elected the following officers: President,

Miss Cora Voyles; vice president, John Coon; first critic, R. C. Stott; second critic, A. K. Morris; secretary, Miss Amy Gaston; corresponding secretary, Miss Grace Bryan; treasurer, Thomas Neal; prosecuting attorney, Arnold B. Hall; chaplain, A. D. Huff; warden, Roy Alexander. The regular term address was delivered yesterday morning by Prof. E. S. Gardiner, of the English department, who chose as his subject, "Morals and Manners." Dr. C. H. Hall, of the Greek department, has been elected on the advisory board of the theological department of the University of Chicago.

STUDENT'S DEATH DUE TO HEADACHE POWDER

Special to the Indianapolis Journal. CRAWFORDSVILLE, Ind., April 8 .- Olis Staines, the Wabash College student, who was forced to quit college by a sudden attack of uremic poisoning, caused by taking some headache powders, died at his home, eighteen miles west of here, to-day.

The spring term of Wabash opened last Tuesday under very favorable auspices for a successful term. Edward Daniels, M. A., will be the special lecturer this term in jurisprudence.

The Phi Delta Theta fraternity of Wabash is making preparations to attend the state convention at Indianapolis on April 29. It is likely that a great number of the dumni and active members will attend the banquet at the Columbia Club in the even-

VETERANS' COTTAGE TO BE BUILT BY JASPER

Home—Appomattox Day Will Be Celebrated.

Special to the Indianapolis Journal. LAFAYETTE, Ind., April 8 .- After deciding on the location of a new building to be erected by Jasper county at a cost of \$3,000 and completing other business, the board of trustees of the State Soldier's Home adjourned this afternoon. The new Jasper county cottage will stand opposite the Porter county cottage on the circle in the southwest corner of the grounds. Twentyfour applications for admission to the home were received and eighteen were granted. Three were rejected and three held over for investigation. The home now has a membership of 708, the largest in its his-

Appomattox day, marking the close the civil war, will be observed by Lafayeice veterans to-morrow with elaborate tions and exercises at the hall of the Union Veteran Legion, which organization will have charge of the programme, Smock's Guards, of the Soldiers' Home, will be in the parade, together with the home band and members of the local encampment of

Consul General at Paris Will Return to Rush County to Look After Business Matters.

Special to the Indianapolis Journal. RUSHVILLE, Ind., April 8 .- John K Gowdy, consul general at Paris, France, will arrive here some time soon for a few weeks' stay to attend to important business matters. Mr. Gowdy was appointed consul general at Paris on March 18, 1897. by President McKinley. He was the Republican state chairman at the time of his

At the time of his appointment he was slightly ridiculed on account of the cut of his whiskers and the fact that he was a farmer by occupation, but inasmuch as the office he had been appointed to was strictly commercial, and not diplomatic, these things did not count, and he has filled the position with marked success. After his appointment has expired it is

understood that he will return to Rush county and spend the remainder of his days on his big farm in Posey township of this county.

BADLY INJURED WHILE DYNAMITING STUMPS

Farmer Near Warsaw Investigated a Fuse Which He Thought Had Been Extinguished.

Special to the Indianapolis Journal. WARSAW, Ind., April 8 .- While engaged in dynamiting stumps near this city, this

Afternoon, Julius Boss, a farmer, received Injuries that may prove fatal. Boss had placed two heavy charges under a stump, one of which failed to explode as soon as he thought it should. After

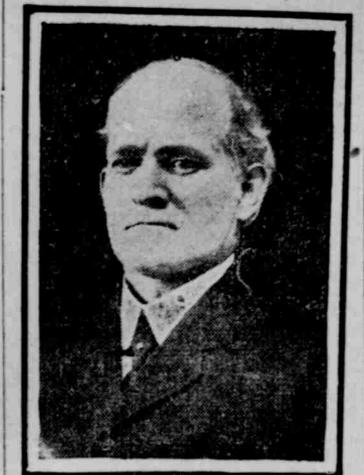

an interval of a minute or more he thought the fuse had gone out and approached the spot. He was digging over the charge when the dynamite exploded. A hole was torn in the side of his head, an eye was put out and the left shoulder badly man-The attending surgeons say his chances for recovery are meager.

VIRULENT SMALLPOX CASE IN GREENSBURG

Special to the Indianapolis Journal. GREENSBURG, Ind., April 8,-A case of virulent smallpox has been discovered in this city. The victim is an employe of the Big Four improvement works, named C. F. Sanders. Many people had been exposed before the nature of the disease was discovered and it is feared that many cases may develop. Sanders contracted the disease at Weisburg.

Logansport Unions Withdraw.

Special to the Indianapolis Journal. LOGANSPORT, Ind., April 8 .- The Central Labor Union of the city passed a reso- tur, by the Wabash Railroad, it is conlution to-day to withdraw from the Gas sidered likely that the officials of the Belt Celebration Association, the officers of which will meet at Huntington next statement of the discharged men, giving Sunday to arrange for the Labor day cel- notice that a strike will be called unless ebration. HAD BEEN DEAD AT LEAST THREE WEEKS

Body of James Smith, of Richmond and Fort Wayne, Found in River at Latter Place.

Special to the Indianapolis Journal. FORT WAYNE, Ind., April 8 .- The body of James Smith, a canvasser, aged thirtyseven years, was found at the junction of the St. Joe and the St. Mary's rivers today. Smith was last seen three weeks ago, and was then under the influence of liquor. No one had missed him since then, his business often taking him out of town. Coroner Stultz said to-day that the body had been dead several weeks, and it is supposed that after he was seen at that time e fell into the high water and drowned. He was born and for many years lived in Richmond, where he worked at his trade as a plumber, and where a brother and sister

Body Found in the Lake.

Special to the Indianapolis Journal. LAPORTE, Ind., April 8.-The body of Henry Noviske, the eighteen-year-old son of Michael Noviske, of Galena township, was found this morning in thirty feet of water in Tea lake. Wednesday evening he went hunting for ducks, but failed to return, though his dog went home. Yesterday his gun was found on the shore of the lake and this morning Edward Carlson and Frank Westbrook found the body.

We Paid for a Million

50c Bottles of Liquozone and Gave them to a Million Sick Ones.

Is There Anyone Else Who Needs It?

When we purchased the rights to Liquozone, we promised to buy a million bottles and give them to a million of the sick. Now we have done it—at a cost of \$500,000. We have published this offer in nearly every home in America. One result is this: There is no neighborhood—no hamlet so remote—but someone there can tell what Liquozone will do. And nearly every one you meet knows some friend whom Liquozone has cu ed. Another result is this The demand for Liquozone is now greater than for any other remedy in existence. More people use it than use medicine. And we cannot doubt that more sickness is being cured by Liquozone than by all drugs combined.

What Liquizone Is

Liquozone is the result of a process been the constant subject of scientific and bel of every bottle. chemical research. Its virtues are derived fourteen days' time.

remarkable condensation that gives Liquozone its power-the power to do what oxy- those germs exist.

drugs, nor is there any alcohol in it. Nothing whatever goes into it save the gas and the liquid used to absorb it.

Kills Inside Germs

The greatest value of Liquozone lies in the fact that it kills germs in the body without killing the tissues, too. There is nothing else known which will do that. germ trouble, as every physician knows.

This problem of killing inside germs is the greatest problem that medical men ever met. These germs are the cause of most of the serious diseases. And the only way to cure such diseases is to kill those germs. An internal germicide, effective yet harmless, has been sought after more than any-Gordy, of Hartford, Conn. An interesting thing else in the history of medical prac-

The chemist who discovered Liquozone first proved that germs are vegetables. Then he found that an excess of oxygenthe very life of an animal-is deadly to vegetable matter. Then he sought a way to get the virtues of oxygen in stable form into the blood. The result, after twenty years, is a product which kills inside germs -which does what nothing else can do.

We Offer \$1,000

For a disease germ that Liquozone can't which, for more than twenty years, has kill, and this offer is published on the la-

solely from gas-largely oxygen gas-by a is necessary to cure any germ trouble is process requiring immense apparatus and to kill the germs. Nature will do the bal-Each cubic inch of Liquozone requires the germs are destroyed; nothing is more ceruse of 1.250 cubic feet of the gas. It is this tain than that. And all the skill in the

Liquozone is not made by compounding the bowels and into the blood, to go sidered incurable. wherever the blood goes. No germ can resisted medicine for years yield at once never cures.

Acts Like Oxygen

But Liquozone is more than a germiother product can compare. It is just Oxygen is the vital part of air; the very source of vitality, the most essential element of life. It is oxygen that turns the blue blood to red in the lungs. It is oxygen that eliminates the waste tissue and builds up the new. Oxygen is the nerve food, the blood food, the scavenger of the blood. It is so essential to every function of life that we couldn't live three minutes without it. There would be no weak nerves, no lack of vitality, no impure blood if we could feed to the blood a little more

But oxygen is a gas and unstable. The blood cannot hold an excess. Liquozone is a liquid, concentrated and stable-not even volatile. In the process of manufacture it takes from the gas its virtues, and it carsue. It gives to every nerve center just impossible. Some of you have continued All diseases that begin with fever-all inflam-

are remarkable and quick.

ance. A germ disease must end when the rights on any scientific discovery. We first world cannot cure such a trouble while and others. We proved it in thousands of is so good for you. Liquozone goes into the stomach, into cured with it every disease which was con-

the food that it needs. It gives new power | medicine for years without getting more | matien-all catarrh-all contagious diseases-all to every function of nature. The results | than temporary relief.

We Paid \$100,000

For the American rights to Liquozonethe highest price ever paid for similar tested the product for two years, through physicians and hospitals, in this country the most difficult cases obtainable. We

Then we spent \$500,000 to give a million escape it, and none can resist it. The re- bottles away-to let a million sick ones sults are inevitable. Diseases which have try it. We thus staked a total of \$600,000 to it; and it cures disease which medicine right at the start, on our absolute faith in this product. Can any one suppose that we made such an investment without knowing that Liquozone would do what we I claimed for it?

We publish no testimonials, no eviletters than any other concern in the world. We simply buy a bottle of Liquosuch a tonic as an excess of oxygen gas | zone for each sick one we learn of, and ask him to see for himself what it does. Don't you know that a product must have remarkable merit-a virtue which brings instant benefit to all-to stand such a test as that?

What Medicine Does

act as a spur to nature. This is true in any disease, as your physician will tell you. Drugs never give to the body any element it needs. And drugs never kill

Medicine sometimes spurs nature to Dyspepsia are indirect and uncertain. They depend on the patient's condition. A cure by drugs ries those virtues to every cell of every tis- is always doubtful, and in some diseases

Liquozone is direct and certain, because it destroys the cause of a germ trouble. Then it acts as a tonic, not as a stimulant. It gives food to the nerve centersthe food which nature intended. The results are inevitable and permanent. There is no reaction.

We are willing to buy a few thousand bottles more for the sick who have been omitted

Then our offer must end; and we will let those who know Liquozone tell the others about it. I

you need Liquozone, and have not yet tried it, we ask that you write us to-day. Don't neglect such

a chance to try Liquozone; don't wait till our offer ends. Simply send us the coupon below, as a

million other sick ones have done. We will then mail you an order on your druggist for a 50c

Liquozone is used both to get well and use it daily, as we do. It is a saver of sickness by warding off germ attacks. And it keeps every function of nature up to the highest mark. Nothing else in the world

Germ Diseases

The diseases in this list are known to be caused by germs or their toxins. Medicine has been used in these diseases for centuries, but the germ cause was unknown until late years. The cause of rheumatism,

This new cause of disease calls for new dence of cures; no letters from physicians treatment. Medicine does not apply, beide. It is also a tonic, with which no or patients, though we have more such cause medicine cannot kill inside germs. Those who now use medicine for germ troubles, either do not know the cause of the trouble or don't know Liquozone. These diseases all yield to Liquozone, and is germs, and Liquozone always kills germs. In any stage of any disease in this list, the results are so certain that we will gladly send to any patient who asks it an absolute guaranty.

DIED AFTER MARRYING THE WIFE OF HIS YOUTH

Civil War, Passes Away at His Home in Kokomo.

Special to the Indianapolis Journal KOKOMO, Ind., April 8.-Beverly Gunnell, of this city, died to-day of cancer of the stomach, aged sixty-two. He was a civil war veteran, having served in Company G.

Fifty-seventh Indiana, under Colonel His death leaves but three survivors of that regiment of 1,200 men. The Fiftyseventh was cut to pieces at Shiloh and but

forty-two returned from the war alive. Mr. Gunnell was married a few weeks ago. He married a woman from whom he separated forty-six years ago. In 1859 Beverly Gunnell and Miss Martha Seeve were married at Tipton by the Rev. Mr. Morrison. The bride was a Kentucky girl. When the war broke out in 1861 the couple quarreled over national issues and the Southern woman returned to her people in Kentucky. Gunnell enlisted and served throughout the conflict, being many times wounded. The Confederate officer. Gunnell also remarried. Last fall Gunnell attended a soldiers reunion at Greensburg, Ind., and there found the bride of his youth. She was a widow in limited circumstances. Gunnell's wife had been dead for years. He called on his girl bride. The second courtship was brief. They were reunited by the Rev. James Lathrop, of Greensburg. It was a double reunion for them and they lived

BANK AT FLATROCK IS DAMAGED BY ROBBERS

happily until death overtook the husbane

ances, and They Depart Without Securing Valuables.

SHELBYVILLE, Ind., April 8 .- Safe

Special to the Indianapolis Journal.

blowers secured entrance to the bank at Flatrock about 2:30 o'clock this morning and did much damage to the interior of the building, but failed to secure anything of They secured a number of tools from the Field blacksmith shop and gained entrance to the bank by prying open the front door. They then opened the door to the vault, inside of which is a new safe. A hole was

made in the safe and a charge of nitroglycerin poured inside and a fuse attached. An explosion followed, cracking the safe, but in such a manner that none of the contents could be disturbed. A large tin box which was placed in the vault was opened but the contents, insurance policies and notes, were left undisturbed The safe blowers left the building without securing anything of value. The discovery was made this morning, when the bank was opened for business. The building is owned by Harry Nading, one of the heaviest stockholders.

Investigating Jackson's Death. Special to the Indianapolis Journal.

KOKOMO, Ind., April 8 .- Coroner Harrison and the police have begun a thorough investigation of the Arthur Jackson case. No marks of external injury were found. but there are conditions indicating that Jackson may have been drugged and robbed. When Jackson went up town that night he had two weeks' wages in his pockets and is known to have had a \$10 bill when he left the saloon. No money was found on the body.
